

Company Fact Sheet

CSL Behring, a member of the CSL Group of companies, is a global biotherapeutics leader driven by our promise to save lives. Focused on serving patients' needs by using the latest technologies, we develop and deliver innovative therapies to treat people in more than 60 countries with serious and life-threatening medical conditions.

We collaborate with patient and biomedical communities to improve access to therapies, advance scientific knowledge and support future medical research.

Our world-class commercial operation, combined with a large and focused R&D team and operational excellence, enable us to accurately identify, successfully develop and dependably deliver innovations that patients and providers want.

We have more than 1,700 dedicated scientists who focus on solving patients' unmet needs. CSL Behring operates one of the world's largest plasma collection networks, CSL Plasma. The parent company, CSL Limited (AXS:CSL; USOTC:CSLLY), is headquartered in Melbourne, Australia.
